Step 1. Get Proton

- 1.1 Create an account and start the switch.
- 1.2 Log in(new window) on the web.
- 1.3 Head over to <u>Settings \rightarrow Go to Settings(new window)</u>.

	Select what to import	× .	ic Norbert	EN

	🛃 Mail				
	Calendars				
	✓ Contacts				
il provid	Next you'll need to log in to your Google account and allow to access your data.	us			
	Cancel				
	1000				

Step 2. Choose what you want to move

- 2.1 Select Import via Easy Switch on the left side-bar.
- 2.2 Select the email client you want.
- 2.3 Choose what you want to move.

Step 3. Say hello to privacy

Start the switch, sit back, and enjoy your newfound privacy. All your existing emails, calendars, files, and contacts will be encrypted as they get moved. We will notify you once the move is complete.
